

Dear Parents,

Is your child ready to begin their Jewish education? If they are entering first or second grade, we invite you to register your child for our Sababa program. The program introduces young children to holidays and traditions that form the foundation for living life Jewishly. Our Sababa class is wonderful, unique and wildly popular with our students.

We also welcome students who are entering grades 3-5 who will be new to religious school. Our Hebrew instruction is self paced ...we want our students to be successful. Our Judaic studies instruction includes small groups and whole school lessons and projects. We create learning opportunities for children of all ages and abilities. Children are placed in our program at the level that will best meet their needs.

Will your child be continuing their Jewish education with us? We're thrilled that they will be returning this year. We'll do our best to make this year full of surprise and delight. FYI. each student will be given a short Hebrew assessment on the first day of school so that they can be placed in the level that's just right for them.

If you plan for your child to attend our religious school it is imperative that you register them by September 1st . We cannot order books, materials or prepare lessons until we confirm how many students will be in each class.

Please complete a registration form at your earliest convenience and send it, along with your deposit to:
